experience.

"We are excited to offer our customers a new TV and entertainment experience by deploying CommScope's innovative set top solution," said Hanna Idstam, Manager TV and Media, Telenor Sverige AB. "CommScope's expertise in deploying solutions powered by Android TV enabled us to deliver a rich, entertainment offering that our customers have come to expect."

The set top's live and on-demand viewing experience on the set top is powered by [24i's](#) software platform which supports attractive features such as unified search and single sign-on, while allowing the Telenor team the freedom to build and design its own user interfaces.

"24i is delighted to support our friends at Telenor Sverige with its on-going service enhancement, including the rollout of this new generation of Android TV set tops, powered by the same 24i software platform that brings the Telenor Sverige customer experience to existing set tops, iOS and Android mobile phones as well as Apple TV devices," said Joachim Bergman, CEO, 24i.

Android TV is a trademark of Google LLC. All product names, trademarks and registered trademarks are property of their respective owners.
