CommScope to Participate in the Jefferies Technology Conference

HICKORY, N.C.--(BUSINESS WIRE)-- CommScope Holding Company, Inc., a global leader in infrastructure solutions for communications networks, plans to participate at the Jefferies Technology Conference on Wednesday, May 11, 2016 at 1:30 p.m. ET.

A live webcast will be available through a link on the Investor Relations page of [CommScope's website](#). The link will be live just prior to the start of the fireside chat and should be available for on-demand use within 24 hours after the event is complete. The webcast will be available from our website for a limited period of time.

About CommScope

[CommScope](#) (NASDAQ: COMM) helps companies around the world design, build and manage their wired and wireless networks. Our vast portfolio of network infrastructure includes some of the world's most robust and innovative wireless and fiber optic solutions. Our talented and experienced global team is driven to help customers increase bandwidth; maximize existing capacity; improve network performance and availability; increase energy efficiency; and simplify technology migration. You will find our solutions in the largest buildings, venues and outdoor spaces; in data centers and buildings of all shapes, sizes and complexity; at wireless cell sites; in telecom central offices and cable headends; in FTTx deployments; and in airports, trains, and tunnels. Vital networks around the world run on CommScope solutions.
