Caution Regarding Forward Looking Statements

This presentation or any other oral or written statements made by us or on our behalf may include forward-looking statements that reflect our current views with respect to future events and financial performance. These statements may discuss goals, intentions or expectations as to future plans, trends, events, results of operations or financial condition or otherwise, in each case, based on current beliefs of management, as well as assumptions made by, and information currently available to, such management. These forward-looking statements are generally identified by their use of such terms and phrases as "intend," "goal," "estimate," "expect," "project," "projections," "plans," "potential," "anticipate," "should," "could," "designed to," "foreseeable future," "believe," "think," "scheduled," "outlook," "target," "guidance" and similar expressions, although not all forward-looking statements contain such terms. This list of indicative terms and phrases is not intended to be all-inclusive.

These forward-looking statements are subject to various risks and uncertainties, many of which are outside our control, including, without limitation, risks related to our ability to integrate and fully realize anticipated benefits from prior or future divestitures, acquisitions or equity investments (including the ARRIS acquisition); selling or discontinuing one or more of our product lines; potential difficulties in realizing global manufacturing capacity and capabilities among our global manufacturing facilities or those of our contract manufacturers that may affect our ability to meet customer demands for products; potential future restructuring actions; our dependence on customers' capital spending on data and communication systems; concentration of sales among a limited number of customers and channel partners; changes in technology; industry competition and the ability to retain customers through product innovation, introduction, and marketing; risks associated with our sales through channel partners; changes to the regulatory environment in which we and our customers operate; product quality or performance issues and associated warranty claims; our ability to maintain effective management information systems and to successfully implement major systems initiatives; cyber-security incidents, including data security breaches, ransomware or computer viruses; the risk our global manufacturing operations suffer production or shipping delays, causing difficulty in meeting customer demands; the risk that internal production capacity or that of contract manufacturers may be insufficient to meet customer demand or quality standards; the use of open standards; the long-term impact of climate change; changes in cost and availability of key raw materials, components and commodities and the potential effect on customer pricing; risks associated with our dependence on a limited number of key suppliers for certain raw materials and components; the risk that contract manufacturers we rely on encounter production, quality, financial or other difficulties; substantial indebtedness and restrictive debt covenants; our ability to incur additional indebtedness; our ability to generate cash to service our indebtedness; possible future impairment charges for fixed or intangible assets, including goodwill; income tax rate variability and ability to recover amounts recorded as deferred tax assets; our ability to attract and retain qualified key employees; labor unrest; obligations under our defined benefit employee benefit plans requiring plan contributions in excess of current estimates; significant international operations exposing us to economic, political and other risks, including the impact of variability in foreign exchange rates; our ability to comply with governmental anti-corruption laws and regulations and export and import controls worldwide; our ability to compete in international markets due to export and import controls to which we may be subject; changes in the laws and policies in the United States affecting trade, including the risk and uncertainty related to tariffs or a potential global trade war and potential changes to laws and policies as a result of a new administration in the United States, that may impact our products; cost of protecting or defending intellectual property; costs and challenges of compliance with domestic and foreign environmental laws; the impact of litigation and similar regulatory proceedings that we are involved in or may become involved in, including the costs of such litigation; the scope, duration and impact of disease outbreaks and pandemics, such as COVID-19, on our business including employees, sites, operations, customers and supply chain; risks associated with stockholder activism, which could cause us to incur significant expense, hinder execution of our business strategy and impact the trading value of our securities; and other factors beyond our control. These and other factors are discussed in greater detail in our 2020 Annual Report on Form 10-K and may be updated from time to time in our annual reports, quarterly reports and other filings we make with the Securities and Exchange Commission.

Although the information contained in this presentation represents our best judgment as of the date of this presentation based on information currently available and reasonable assumptions, we can give no assurance that the expectations will be attained or that any deviation will not be material. Given these uncertainties, we caution you not to place undue reliance on these forward-looking statements, which speak only as of the date made. We are not undertaking any duty or obligation to update this information to reflect developments or information obtained after the date of this presentation, except as otherwise may be required by law.

Use of Non-GAAP Financial Measures

CommScope management believes that presenting certain non-GAAP financial measures enhances an investor’s understanding of our financial performance. In addition, CommScope management believes that these non-GAAP financial measures are useful in assessing CommScope’s operating performance from period to period by excluding certain items that we believe are not representative of our core business. Non-GAAP measures are not a substitute for GAAP measures and should be considered in addition to the GAAP financial measures. As calculated, our non-GAAP measures may not be comparable to other similarly titled measures of other companies.
“While 2020 was a year of challenge and change, our dedicated team, resilient supply chain and agile operations allowed us to quickly adapt and innovate across all aspects of our business.”

Chuck Treadway
President and Chief Executive Officer

CommScope NEXT

Driving Shareholder Value

Profitable Growth
- Doubling down on growth by further exploring vertical market strategies, capacity constraints, international expansion investments, enhanced channel relationships and development of critical technologies

Business Optimization
- Focusing on efficiency and eliminating unnecessary non-value-added complexity and cost across business by streamlining duplicative systems and redundant processes

Portfolio Review
- Evaluating health of full portfolio and dynamically reallocating capital to our businesses where we have a winning value proposition, industry-leading technology and a clear path to growth and value creation
“We are dedicated to ensuring that as the economy recovers and as industry tailwinds take shape, CommScope will be well positioned to deliver growth and emerge as a stronger, more streamlined company.”

Alex Pease
EVP and Chief Financial Officer
Innovating across our business and achieving solid Q4 results despite continued market uncertainty

- Net sales growth in North America and Caribbean and Latin America
- Growth within both Network Cable & Connectivity and Network & Cloud
- Adjusted EBITDA growth primarily driven by volume and strong operating expense control

### Business Highlights

- Increased video consumption and uplink demand driven by work-from-home, e-learning and tele-medicine driving sustained operator investment
- CMTS license sales strong, as operators continue to address capacity needs
- Video Systems continues to benefit from C-BAND reclamation
- “RDOF” auction provides significant opportunity for fiber cabling and connectivity
- Helping operators migrate to a distributed access architecture (DAA)

---

(1) Net sales as presented for 4Q’20, 3Q’20 and 4Q’19 include reductions of revenue related to deferred revenue acquisition accounting adjustments of $2.8 million, $2.8 million and $9.1 million, respectively.

### Business Highlights

- T-Mobile ramp continues; remainder of US carriers direct capital priorities on C-BAND auction
- Continued momentum for hybrid active/passive antenna radio solutions in collaboration with Nokia – growing opportunities in Europe
- Positive momentum in key Asia Pacific markets driving future international growth potential
- Metro cell deployments remained soft due to permitting challenges; long term outlook remains strong
- C-BAND deployment to be 2H’21 weighted

- Declines across all regions
- Growth in broadband gateways more than offset by video declines
- Adjusted EBITDA decline primarily driven by lower volume, partially offset by operating expense control

### Business Highlights

- Home Media Solutions (Video CPE) remains soft primarily due to continuing OTT trends
- Continue video focus to IP streamers
- Growth in broadband – Vodafone Germany passes 1 million subscribers on CommScope DOCSIS 3.1 gateways
- Global silicon shortage likely to create supply constraints and cost pressure

- Full year business continued to generate strong cash flow despite challenging environment
- Fourth quarter working capital was net usage of cash, primarily driven accounts payable and timing of payments

---

\(^{(1)}\) See appendix for reconciliation of non-GAAP adjusted measures. Adjusted free cash flow is defined as free cash flow excluding cash paid for transaction and integration costs and other special items.
**Strong liquidity & de-risked capital structure**

Proactive balance sheet management provides runway before next significant debt maturities

- Since close of ARRIS acquisition, CommScope has repaid over $800 million of debt with focus on near-term opportunities
  - $108 million of debt repayment during the fourth quarter

**Cash & liquidity remain strong**

- Ended the quarter with available liquidity of ~$1.3 billion

**Continued focus on debt repayment & de-leveraging**

- 7.1x net leverage as of 12/31/2020(1)
- Long-term leverage target of 2.0x – 3.0x
- Continued commitment to prioritizing debt repayment as the business generates excess cash

(1) Included in interest expense.
(2) Included in other income (expense), net.
(3) The tax rates applied to adjustments reflect the tax expense or benefit based on the tax jurisdiction of the entity generating the adjustment. There are certain items for which we expect little or no tax effect.
(4) For all periods presented, GAAP EPS was calculated using net income (loss) attributable to common stockholders in the numerator, which includes the impact of the Series A convertible preferred stock dividend.
(5) The Company’s definition of non-GAAP adjusted diluted EPS is non-GAAP adjusted net income, excluding the Series A convertible preferred stock dividend, divided by weighted average shares outstanding assuming the if-converted method, which reflects the conversion of the Series A convertible preferred stock.
