## **CommScope to Participate in the Raymond James Systems, Semiconductors, Software and Supply Chain Conference**

HICKORY, N.C.--(BUSINESS WIRE)-- CommScope Holding Company, Inc., a global provider of connectivity and essential infrastructure solutions for wireless, business enterprise and residential broadband networks, plans to present at the Raymond James Systems, Semiconductors, Software and Supply Chain Conference on Tuesday, December 9 at 3:00 p.m. ET.

A live webcast will be available through a link on the Investor Relations page of CommScope's website at <http://ir.commscope.com>. The link will be live just prior to the start of the presentation and should be available for on-demand use within 24 hours after the event is complete. The webcast will be available from our website for a limited period of time.

### **About CommScope**

CommScope (NASDAQ: COMM) ([www.commscope.com](http://www.commscope.com)) helps companies around the world design, build and manage their wired and wireless networks. Our network infrastructure solutions help customers increase bandwidth; maximize existing capacity; improve network performance and availability; increase energy efficiency; and simplify technology migration. You will find our solutions in the largest buildings, venues and outdoor spaces; in data centers and buildings of all shapes, sizes and complexity; at wireless cell sites and in cable headends; and in airports, trains, and tunnels. Vital networks around the world run on CommScope solutions.
